Dear Dr. Johannesen,

### **NAMIBIA TO LAUNCH THE ONLINE TRUSTED TRAVEL SYSTEM**

1. I trust that this letter finds you well.
2. This letter serves to inform that Namibia is to launch the Trusted Travel System (TT) online platform as from 15<sup>th</sup> November 2021 for Covid-19 results verification. Users will also be able to access updated entry requirements and travel restrictions for Namibia and other destinations.
3. After conducting a PCR Covid-19 test from a certified laboratory, travellers can create their accounts at [trustedtravel.panabios.org](http://trustedtravel.panabios.org) to access their TT Code for presentation to airlines and Port Health Authorities. The list of accredited laboratories for Covid-19 testing can be accessed at [africacdc.org/trusted-travel](http://africacdc.org/trusted-travel).
4. Travellers to Namibia with Covid-19 test results **NOT** generated through the Trusted Travel System will be required to upload a copy of their results on the Global Haven System at [www.globalhaven.org](http://www.globalhaven.org) for authentication before travel.
5. The Trusted Travel System will be in effect at twelve (12) Namibian ports of entry (list attached) as from **15<sup>th</sup> November 2021**. And, as of **1<sup>st</sup> December 2021**, only Covid-19 certificates obtained from the trusted travel platform or verified on the Global Haven systems will be accepted when arriving or departing Namibia at these points of entry.
6. It would be appreciated if this information is accordingly shared with potential travellers to Namibia. Detailed information on the Trusted Travel system online platform is attached to this letter.

Yours sincerely,

  
Albertus **AOCHAMUB**  
**AMBASSADOR**
